

## New Customers take delivery:

Cam Harding from Victoria has the keys for his new R44 and has been enjoying a couple days of advanced training in the Whitsundays with Helibiz. Cam plans to use his R44 in regional Victoria for both work and pleasure.

Helibiz would like to congratulate Cam and thank him for his business. We look forward to an ongoing relationship.

Frank and Rhada Blackett from Western Qld recently took delivery of their new R44 Raven I which will be used extensively on their large cattle property. Frank and Rhada completed their heli theory with Helibiz a few years ago and both have cut their teeth in the Robinson R22 but are now enjoying the upgrade for the comfort, speed and space of the R44.

We appreciate their support. Many thanks from the Helibiz team.

## HELI SAFARI:

Attention all Helicopter Owners!
